

FIRST PHASE OF NRC UPDATION PROCESS STARTS ALL OVER ASSAM ...

- Launch of all 2500 NSKs (NRC Seva Kendras) in all districts, each NSK loaded with computerised version of all available data of 1951 NRC and Electoral Rolls up to 24th March (Midnight), 1971 for the ENTIRE STATE
- Publication of printed copies of all available data of 1951 NRC and Electoral Rolls up to 24th March (Midnight), 1971 at NSKs and Polling Stations
- Launch of online computerised version of all available data of 1951 NRC and Electoral Rolls up to 24th March (Midnight), 1971 available on NRC website www.nrcassam.nic.in

Come, visit the nearest NSK, NRC website or nearest Polling Station to look for names of your ancestors...

The phases of NRC updation process consists of - 1 Legacy Data Publication Phase 2 Application Form Distribution and Receipt Phase 3 Verification Phase 4 Draft NRC Publication and Receipt of Claims & Objections Phase 5 Final NRC Publication

With the launch of all 2500 NSKs (NRC Seva Kendras), the first phase, namely, **Legacy Data Publication Phase** has formally started. Data of NRC, 1951 and all the Electoral Rolls published before 24th March (Midnight), 1971 (as available) – also called **Legacy Data** - will now be available in all these NSKs, on the web (nrcassam.nic.in) and at Polling Stations in your vicinity. For details of the location of your NSK, please visit our Website (nrcassam.nic.in), call Toll Free NRC Helpline at 15107.

WHY IS PUBLIC REQUIRED TO SEARCH FOR LEGACY DATA?

Linkage with persons (ancestors) appearing in the Legacy Data shall be one of the most common methods for inclusion in updated NRC. Details of this linkage will be required while submitting applications for inclusion. That is why the public is required to search for names of their ancestors in the Legacy Data.

LEGACY DATA CODE

To enable easy quoting of ancestral linkage by citizens while applying for inclusion in updated NRC, a system of **Legacy Data Code** has been developed. It consists of an 11-digit number in the format xxx-xxxx-xxxx assigned against each name in the Legacy Data. Wherever the name of the ancestor is found, a **Legacy Data Slip** containing the **Legacy Data Code** shall be printed and issued to the applicant. This **Legacy Data Code** shall be required to be quoted by the applicant in the Application Form at the time of submission. Application submission process will start in the last week of April, 2015. **Search and issue of a valid Legacy Data Code can be done through any of the following :**

(A) **At the NSK** - through computerised or manual search (of available printed copies).

(B) **Online (nrcassam.nic.in)** - for computerised search.

(C) **At the Polling station** - by manual search of printed copies and thereafter issue of a valid Legacy Data Code at the nearest NSK.

Certified copies/extracts of Legacy Data wherever available with citizens would be cross checked with the Legacy Data available with Govt. for issue of valid Legacy Data Code. Citizens are required to visit the nearest NSKs or NRC website with the certified copies to secure Legacy Data Code.

Please note that computerized Legacy Data search is just a tool to facilitate easy search, and by no means the only resort for finding proof for eligibility in updated NRC. Even if one does not find the required name in the computerised or printed Legacy Data, application can still be made for inclusion in NRC by providing any one of the other admissible documents issued before 24th March, 1971 (Midnight). The list of admissible documents is available with the NSKs and also on the NRC website.

TIMELINES FOR SUBMISSION OF APPLICATION FORM?

Application Forms will be made available to the public in last week of April, 2015 and will be required to be submitted within July, 2015. Elaborate advertisement campaign and instructions on Application Form submission would be issued separately.

LEGACY DATA SEARCH AND ISSUE OF LEGACY DATA CODE AT NSKs OR ONLINE ARE COMPLETELY FREE OF COST

Please note that

Legacy data of any year up to 24th March (midnight) 1971 will allow eligibility for inclusion in updated NRC.

For names wrongly spelt in legacy data, verification would be done through recording of appropriate evidence. Affidavits can be submitted, which, however, would be accepted subject to verification.

Your role:

Please start collecting all documentary proof entitling inclusion of your name(s) in the updated NRC to be able to apply well in time. Come, let us all stand united to make generation of an Error Free NRC a success story for us and our future generations.
