NRC
NATIONAL REGISTER OF CITIZENS

NRC UPDATION
– SIMPLIFIED

The National Register of Citizens (NRC) will be updated to include the names of those persons (or their descendants) who appear in the NRC, 1951, or in any of the Electoral Rolls up to the midnight of 24th March, 1971 or in any one of the other admissible documents of pre-1971 period which would prove their presence in Assam on or before 24th March, 1971. The other admissible documents are as follows:

1.	Land & Tenancy Records	7.	Any Govt issued License/Certificate
2.	Citizenship Certificate	8.	Govt Service/Employment Certificate
3.	Permanent Residential Certificate (PRC)	9.	Bank/Post office Accounts
4.	Refugee Registration Certificate	10.	Birth Certificate
5.	Passport	11.	Board/ University Educational Certificate
6.	LIC	12.	Court Records/ Processes

In addition to the aforesaid 12 documents, the following would be used as supporting documents –

1. Circle Officer/ GP Secretary Certificate in respect of married women migrating after marriage.

2. Ration Card issued up to the midnight of 24th March, 1971.

Thus, there will be two requirements for inclusion in updated NRC – 1) existence of a person's name in the pre-1971 period & 2) proving linkage with that person. For getting their names included in the updated NRC, citizens shall have to submit Applications Forms (family-wise).

OTHER CRUCIAL INFORMATION RELATED TO NRC UPDATION:

- Separate advertisements will be given in the media about submission of Application Forms including dates of submission.

- Even in cases where names, age etc are wrongly spelt in 1951 NRC or pre-1971 Electoral Rolls, there would be ample scope for citizens to prove their linkage with the correct person during Field Verification.

- Admissible document of any period up to midnight of 24th March, 1971 shall be enough to prove eligibility for inclusion in updated NRC. Rumours about requirement of documents only of pre-1966 period are baseless.

- All the names appearing in the NRC, 1951, or any of the Electoral Rolls up to the midnight of 24th March, 1971 together are called Legacy Data.
